430 OPEN

The 430 Open from Sundek Yachts is the entry level model of the new innovative leisure/sport boat fleet which is just introduced into the market by the Company. Built on a solid and seaworthy vacuum infused, CE "A" class hull, expressively developed for the new project, the 430 combines a sport fishing heritage with plenty of amenities normally reserved for luxury yachts.

Its huge aft cockpit can be fitted accordingly to the owner's wishes, either to seat plenty of guests or equipped for blue water fishing operations. The 430 Open, benefits from the Trawler family feeling offering you an all-weather and all-purpose day cruiser which features extra comfort for over-nighters as well, thanks to the three lower deck cabins and twin bathrooms.

The unique designed helm station and cockpit lounge are conveniently protected by the fiberglass hard top, whilst the foredeck provides a great space for the sun bed and the walk around deck design enhances safety on board.

A complete summer galley, available on deck, will make preparing quick summer meals and aperitifs easy and fun.

The 430 Open is available with stern drives or with traditional shaft propulsion for a top speed close to 40 knots, depending on engine configurations, and gyro stabilization is an option for high demanding clients. With its undoubtedly modern flare and sturdy cross-over appeal, the 430 Open, as the first model in the new line-up, is ready to catch more and more enthusiasts!
